

**Principal for a Day  
Thursday, February 8, 2018**

**Principal Objectives and Guidelines – Email to the Education Alliance, [EducationAlliance@washoeschools.net](mailto:EducationAlliance@washoeschools.net)**

This one-day event is an opportunity to share the successes, challenges, and vision of your school and the students you serve. This is an opportunity to share ideas and establish relationships with decision-makers outside of education.

Many successful Partners in Education have sprouted from Principal for a Day. Let us customize your experience by sharing your preference of the type of industry/business/executive you would like to partner with below. Please keep geography in mind as you think about your preferences. In the interest of time, proximity is a factor for both the business and your school.

Please list below three preferred names of individual executives or names of preferred business, industry, or organization entities for your desired match below (**please include email and phone number, if available**):
